

Annual Inspection check list

Please have the following at time of inspection it will make the process move a lot quicker

- Know where to find your fire extinguisher expiration date
- Know where your fuel cell date is (Good for five years)
- Check multi-piece wheel certification (Good for two years)
- Check safety harness date (SFI good for two years/FIA good for five years)
- Check window net date (Good for two years)
- Know where to find roll cage stamping and inspection hole is
- Emergency exit test will be performed (spec is 15seconds)
- Helmet (SA2005), Driving Suit, Socks, Gloves, Balaclava and Shoes

Thank you for your cooperation
